HYGIENIC STORAGE SYSTEMS

- 100% Plastic – Never rusts
- Easy to Clean
- Lightweight, y
- Economical
- Impact resistant
- Resists acids, salt & tem

Why plastic?

- * Because Plastic doesn't rust, rot or corrode
- * Plastic is lightweight
- * Plastic is very strong
- * Plastic is easy to clean
- * Plastic is resistant to moisture and salt

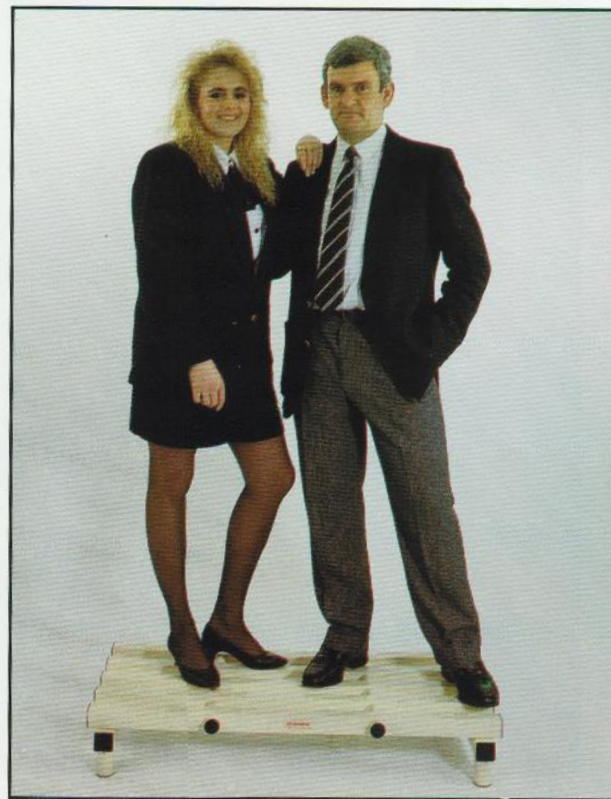

LIGHT

Other major advantages:

- * Stacarac Units are easy to assemble and dismantle for cleaning
- * Stacarac Units have a load bearing capacity of up to 800lbs/sq metre
- * Stacarac Units can be supplied static or mobile
- * Stacarac Units are ideal in damp rooms, industrial kitchens, laundries, cold stores and freezers

MOBILE

STRONG

STACARAC UNITS ARE
HYGIENIC STORAGE

MADE ENTIRELY FROM PLASTIC

Very strong ● Easy to handle ● Very robust ● Flexible & Stylish
Temperature extremes ● Smooth surface – guarantees safe storage!

Stacarac products are extremely versatile in use - the individual modules can be combined to produce virtually any layout of static shelving.

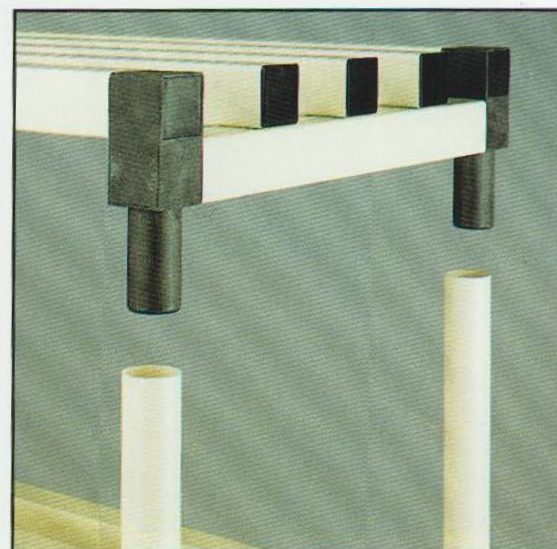

The addition of castors converts static into fully mobile units which can also be adapted as tray and container trolleys manufactured in standard and non standard sizes.

Stacarac also supply floor palettes or stillages to a variety of sizes designed to suit individual customers requirements.

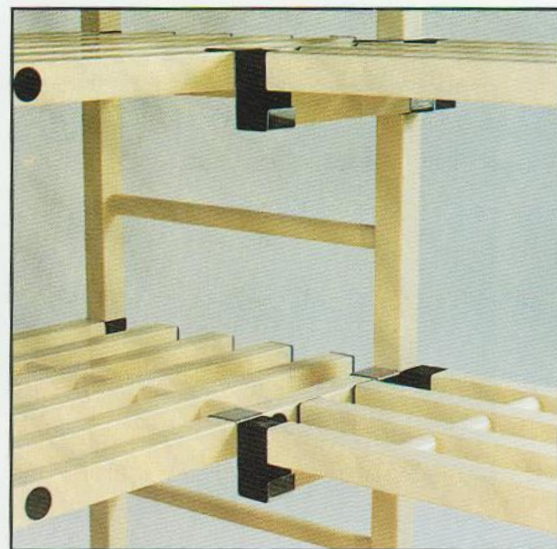

The unique construction and design features of Stacarac Units make them ideal for use in the following environments.

- * THE FOOD AND DRINKS INDUSTRY
- * THE HOTEL AND CATERING INDUSTRY
- * THE REFRIGERATION INDUSTRY
- * THE PHARMACEUTICAL INDUSTRY
- * HOSPITALS AND INSTITUTIONS
(WIDELY USED THROUGHOUT N.H.S. AND PRIVATE SECTOR)
- * LAUNDRIES
- * BUTCHERY
- * FRUIT AND VEGETABLES
- * SUPERMARKETS
- * THE RETAIL TRADE
- * LABORATORIES AND TESTING INSTITUTIONS
- * BAKERY

**PERFECTLY IDEAL WHEREVER
 STORAGE IS ESSENTIAL**

PURPOSE BUILT

The best flexible
shelving system you can buy...

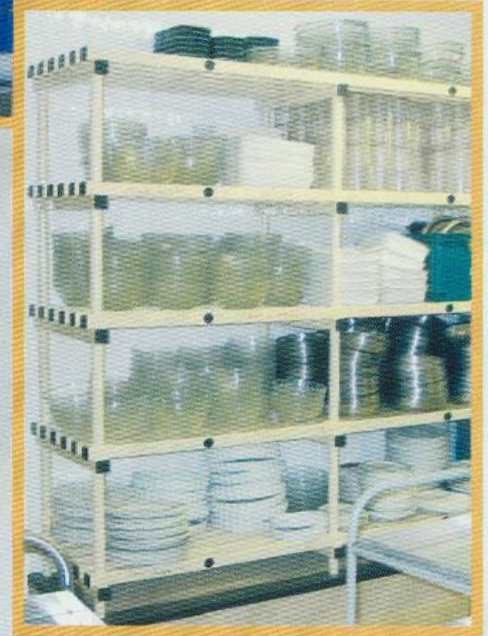

... from Storage Design Limited **STACARAC**

ingenious storage solutions... by design

- Plastic won't rust, rot or corrode
- Plastic is lightweight
- Plastic is very strong
- Plastic is easy to clean
- Plastic is resistant to moisture, salt, grease and acids

Stacarac shelving and racking systems offer the perfect storage system for a huge variety of applications including caterers, laundries, factories, warehouses, retail units, supermarkets, cold stores and hospitals (where cleanliness is paramount).

The best flexible shelving system you can buy...

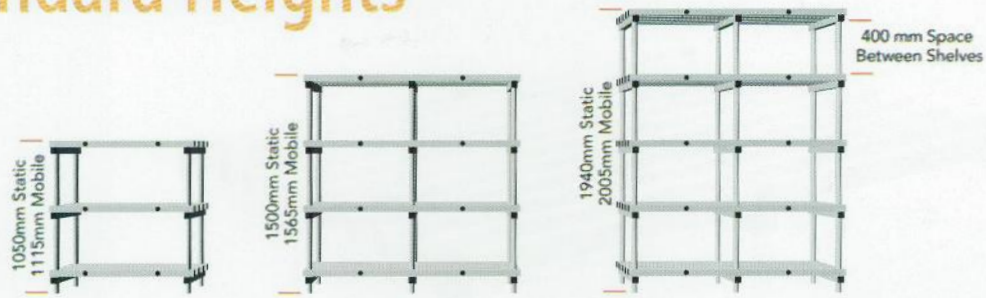

that's a promise!

- easy to assemble (and also to take apart for thorough cleaning)
- loading capacity of up to 180 kg per metre
- can withstand temperature ranges from -40° C to +60° C
- can be supplied static or mobile
- strong pvc sheets can be supplied to fit exactly, giving a solid shelf if needed

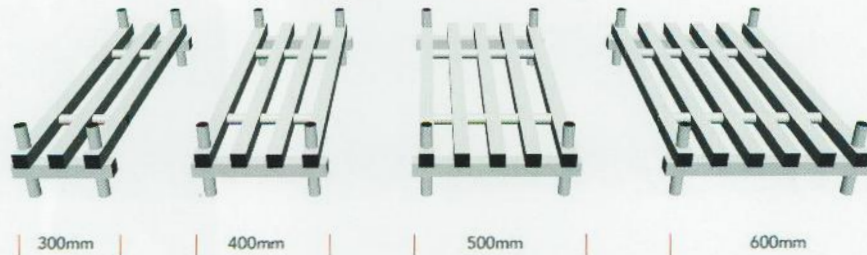

With a comprehensive range of sizes, colours and configurations, there should be a combination which will fit your requirements but, should you have a particular space you want to fit exactly, Stacarac offers a complete bespoke service (just like a Savile Row tailor) to manufacture the racking system you need.

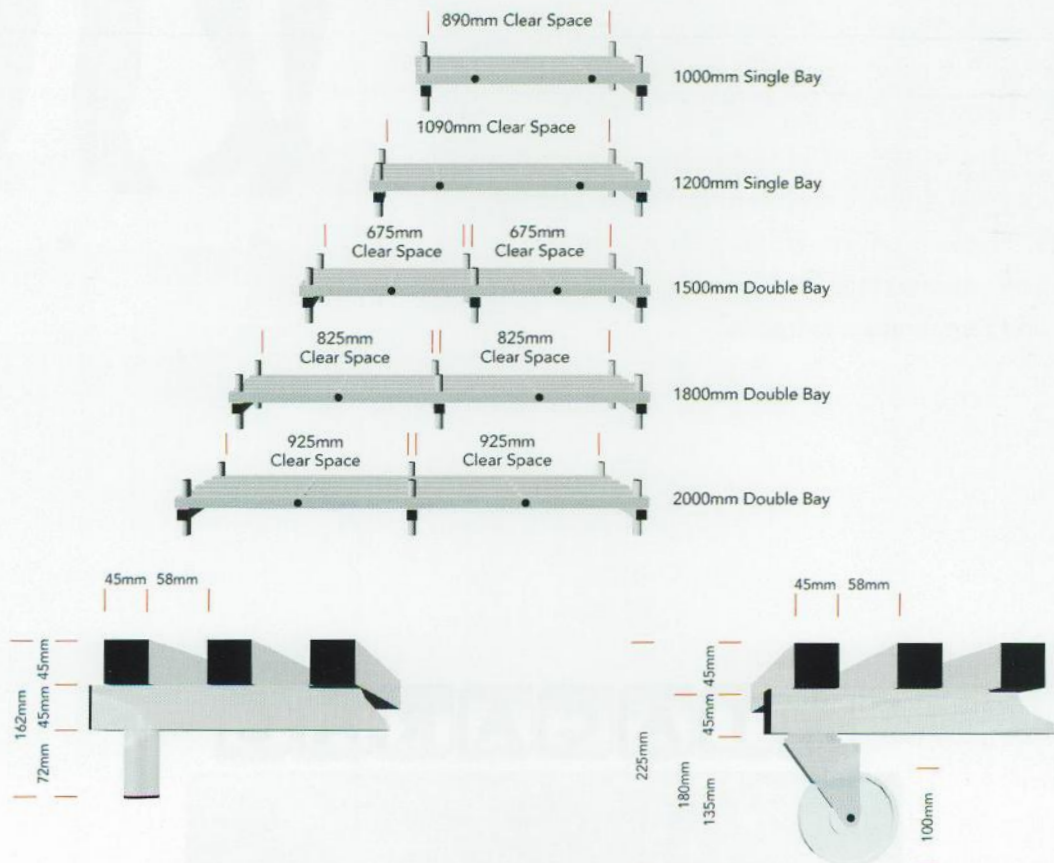

Standard Heights

Standard Depths

Standard Lengths

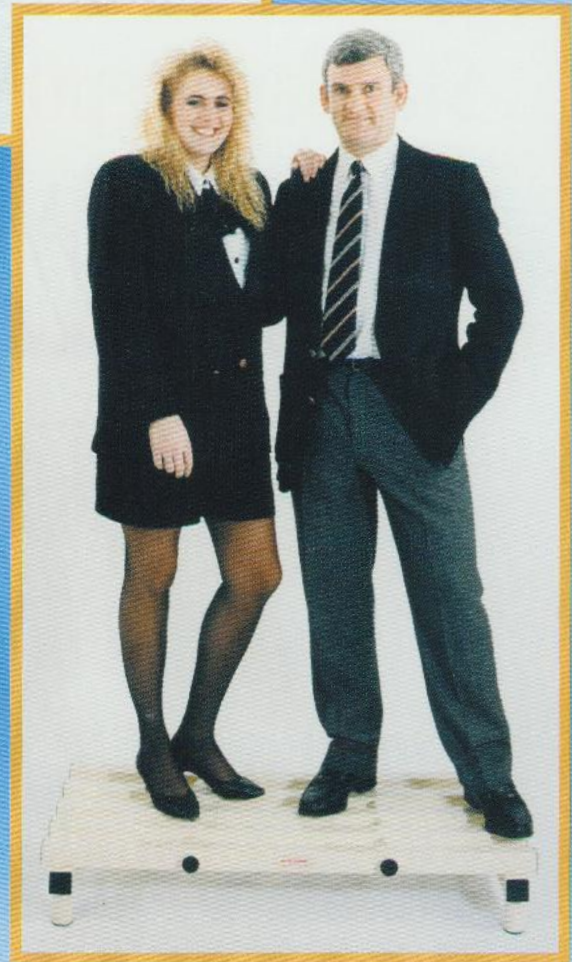

Three standard colours are available from stock: **cream, red and blue**; other colours can be supplied subject to a guaranteed minimum order quantity.

Pallets

Stacarac also produce a range of pallets which have all the features of their fantastic shelving systems. Constructed in either hygienic plastic or aluminium, they are available in standard sizes or can be made to measure to your own exact requirements. They are incredibly strong and boast a load bearing capacity of 800 lbs per square metre; at the same time they are very light and, therefore, easy to handle and store. Stacarac pallets will never rust, rot or corrode and are resistant to impact, moisture, salt and temperature extremes.

Made to Measure!

As already mentioned, we can offer a complete "made-to-measure" service. Just tell us what space you are trying to fit and we will put together a proposal which will fit your specification EXACTLY! This tailored service ensures that you won't have to compromise and just "make do" leaving awkward gaps where your shelving does not quite fill the space!

*A versatile and inexpensive range
of tables from Stacarac*

Demountable Tables

Already well known for their innovative specialist shelving and racking systems, Stacarac have now designed and developed a range of tables suitable for any application including healthcare, catering, education and any industry.

The tables are designed to be easily assembled/disassembled and can be stored flat packed when not in use. The tables are all made to a standard height of 850 mm and are available with either stainless steel or polypropylene tops. All tables have a depth of 650 mm and come in four different widths – 900 mm; 1200 mm; 1500 mm; 1800 mm. With aluminium uprights and a single undershelf, the tables are supplied with either fixed feet or castors for added mobility; they are delivered flatpacked for easy assembly.

At last a flexible solution to your storage and hanging problems from Stacarac

Leisure Products

Stacarac are already well known for their innovative specialist shelving and racking systems, they have now turned their expertise to the requirements of the leisure industry. Designed to suit leisure centres, schools, colleges, factory changing rooms and many other applications, the Stacarac system is completely flexible, easy to install, low maintenance and incredibly durable.

We offer a range of standard size bench units in 1000 mm, 1200 mm, 1500 mm, 1800 mm and 2000 mm lengths; we can also supply hanging units in two different heights which make the bench units even more versatile. Stacarac can also make bespoke units to any size you may require. We also manufacture storage bins (ideal for keeping equipment in one place) and supply PVC floor matting.
